

## AT&L Performance Learning Model

The centerpiece of the DAU experience is the AT&L Performance Learning Model (PLM). This learning and development architecture provides each member of the AT&L workforce with more control over his or her career-long learning opportunities.

The PLM extends the learning experience from traditional classroom instruction to a variety of learning solutions that are available anytime, anywhere. The AT&L workforce can experience:

- **Training** through web-enabled and classroom training with case-based instruction.
- **Continuous Learning** with self-paced, relevant training modules to improve job performance.
- **Performance Support** with rapidly delivered business solutions offered to students and their organizations after the classroom experience.
- **Knowledge Sharing** through the AT&L Knowledge Sharing System and the Acquisition Community Connection, where they connect with experts, peers, and acquisition resources.

For Performance Support assistance contact your DAU regional Associate Dean of Outreach and Performance Support or DSMC - School of Program Managers at the these DAU Locations:

**West Region**  
San Diego, California  
(619) 524-4820

## Performance Support

**Support for the Workforce**  
where you are...  
when you need it.

## Performance Support

One of the key components of our AT&L Performance Learning Model is Performance Support. This real-time support is designed to rapidly deliver program, technical, and business solutions to the Defense AT&L Workforce. Performance Support includes the following three components.

### Consulting

DAU provides over 100 consulting efforts each year focusing on specific problems our customers face in their organizations.

[www.dau.mil/performance\\_support/consulting.asp](http://www.dau.mil/performance_support/consulting.asp)

### Targeted Training

DAU has nearly 50 targeted training courses available. We can also create a unique course to fit your needs and requirements.

[www.dau.mil/performance\\_support/targeted\\_training.asp](http://www.dau.mil/performance_support/targeted_training.asp)

### Rapid Deployment Training

Our Rapid Deployment Training is our fast response to train the workforce quickly in new initiatives and policy changes.

# Performance Support

Support where you are...

when you need it.

## Targeted Training

*A complete listing of DAU's targeted training courses can be found in our catalog or online at [www.dau.mil/catalog](http://www.dau.mil/catalog).*

## Targeted Training

Recent Efforts include:

- Competitive Sourcing (A-76) Training
- Systems Engineering
- ACTD Transition
- Performance-based Services Acquisition
- Lean Six Sigma

## Rapid Deployment Training

*RDT includes quick notification and training of the acquisition workforce by posting new policy training materials online within hours after policy release, and sending DAU training teams to DoD AT&L field organizations.*

## Rapid Deployment Training

Current RDT initiatives in support of new policies and procedures include:

- Performance Based Logistics (PBL)
- Joint Integration and Development System (JCIDS)
- Planning, Programming, Budgeting and Execution (PPBE) System
- Corrosion Prevention and Control (CPC) Program
- Item Unique Identification (UID) Program
- RFID Program

## Consulting

## Consulting

*DAU's seasoned faculty is ready and available to provide support to the Defense AT&L workforce in all acquisition areas from business and financial management to systems engineering. In addition to these traditional consulting services, we also provide executive coaching, facilitation, and team collaboration support.*

Recent Efforts include:

- Contracting and Acquisition Courses in Iraq, Kuwait and Afghanistan
- Project Management and contracting support for USCG Deepwater Program
- Program Start-up Workshops
- Program Success Metrics
- Technology Transition
